

# 11 reasons why our group dental plans are simply...the **BEST!**

## 1. Many flexible plans and options

Our dental plans can be offered as employer-contributory or voluntary with great choices like UCR at the 80th or 90th percentile, Child/Adult Orthodontia, and Periodontics and Endodontics in Basic or Major Services.

## 2. Voluntary Plan Choices

All of our employer-contributory dental plans are available on a voluntary basis for groups enrolling 5 or more employees. (Requires 20% minimum participation.)

## 3. Freedom of Choice PLUS network savings

Members are free to visit any licensed dentist of their choice; or they may utilize one of our national or regional networks for maximum out-of-pocket savings.

## 4. Immediate Coverage for Major Services

Waiting periods for Major and Orthodontic Services are automatically waived for employer-contributory groups enrolling 10 or more employees. Waivers are also available for employees with prior coverage for groups with 5-9 enrolling, ask for details!

## 5. Special Dental Accident Benefit

Depending on your plan, this benefit can provide up to \$1,000 for injuries to sound, natural teeth. There is no limit on how many times this benefit can be used.

## 6. Ortho benefits for the entire family

We offer child and adult orthodontia benefit options, depending on group size. Those who elect orthodontic coverage will also receive our Children's Good Vision Benefit, which covers 50% of eligible vision expenses per year.

## 7. Two-Year Rate Guarantee

Added assurance for two years. Ask how your group may receive a 24-month initial dental rate guarantee.

## 8. Bundle and \$ave!

Along with a comprehensive benefits package, groups enjoy significant savings on monthly premiums when they purchase another line of coverage with their dental plan.

## 9. Rapid claims processing

100% of eligible claims are processed within less than four days. We also strive to produce consolidated and easy-to-understand Explanation of Benefits for our members.

## 10. Online administration for groups at [www.bestlife.com](http://www.bestlife.com)

Our website, [www.bestlife.com](http://www.bestlife.com), helps members find providers in their area. Employers may utilize our Employer Gateway to do adds, terms, check payments, and more!

## 11. The BEST Life commitment to Service

We have over four decades of experience providing affordable and lasting healthcare solutions to employers nationwide!

Providing Quality Medical, Dental, Life, and Vision Products for over 40 years.
