

11 Good Reasons to Enroll in a PPO Dental Plan with **BEST Life**

1. Great choice of PPO networks

BEST Life contracts with regional and national PPO networks to provide the best fit for your clients. Members outside their primary PPO network's service area may access DenteMax's national PPO network and still save on out-of-pocket costs.

2. Many flexible plans and options

Our dental plans can be offered as employer-contributory or voluntary with great choices like UCR at the 80th or 90th percentile, Child/Adult Orthodontia, and Periodontics and Endodontics in Basic or Major Services.

3. Voluntary Plan Choices

All of our employer-contributory dental plans are available on a voluntary basis for groups enrolling 5 or more employees. (Requires 20% minimum participation.)

4. Great benefits for the family

We offer child and adult orthodontia options, depending on group size. Those who elect ortho coverage will also receive our Children's Good Vision Benefit, which covers 50% of eligible vision expenses per year. This extra benefit is included free of charge.

5. Immediate Coverage for Major Services

Waiting periods for Major and Orthodontic Services are automatically waived for employer-contributory groups enrolling 10 or more employees. Waivers are also available for employees with prior coverage for groups with 5-9 enrolling, ask for details!

6. Special Dental Accident Benefit

Depending on your plan, this benefit can provide up to \$1,000 toward payments for injuries to sound, natural teeth. There is no limit on how many times this benefit can be used.

7. Added Guarantee

We offer 24-month rate guarantee options to both employer-contributory and voluntary groups.

8. Savings when you bundle!

Along with great benefits, groups can receive discounts on their dental plan rates when they enroll in an additional line of coverage.

9. Rapid claims processing

Our electronic claims system allows us to pay claims in a very short period of time, often in less than 5 days! We also strive to produce consolidated and easy-to-understand Explanation of Benefits.

10. Online administration for groups at www.bestlife.com

Our group website allows members to find providers in their area. Employees may utilize our Employer Gateway to do adds, terms, check payments and more!

11. The BEST Life commitment to service

Financial stability, strong relationships and renowned service have been the groundwork of our business for over four decades.
